CS200 - Midterm 2

1. This exam is closed book, closed notes, closed internet, and closed person EXCEPT for a two-sided, 8.5×11 piece of paper, (a "cheat sheet"). The content must be created by you (no miniaturizing of my pset/quizzes/solutions), and I recommend writing by hand, as this has shown to help with retention, but you may type if you prefer. Please turn in with your exam. (You will get it back when I return the exams.)

2. You have 3 hours to take the exam.

3. You have 3 hours 30 minutes from the time you pick up your exam from the box next to my office door (75 Shannon 210) to the time you should return it to my office (slide it under the door if I am not around). You should mark the time that you pick up the exam on the sheet on my door. (Note 75 Shannon is open via card access until 11pm.)

4. You may use extra scratch paper, but if you turn in additional paper please make sure it is clear what is scratch work and what is your solution.

5. Exams are available starting Wednesday, November 6 at 10am, and the latest you should turn an exam in is Friday, November 8 at 6pm.

Please state and sign your pledge to keep the honor code PRIOR to starting the exam:
